EMBROIDERY FOR CLOTHING

Use your imagination with this drawing. If you are putting it on jeans, you may want to move the flower on the bottom left to the top of the diagram. Or leave as is for a top. Or make it into a picture. You may even want to add the butterfly!

Visit the "Try a New Stitch" at www.eac.ca under the Youth section for different stitches to use.

Maybe you would prefer to use beads and/or sequins.

Have fun!
